Product Information Power Steering Nano Protect (PSNP) Produktinformation

Power Steering Nano Protect

Product properties

innovative formula based on latest Nano-Technology. The highly effective Nano anti-friction barrier protects all the internal surfaces of the power steering system and differentials against wear and tear. The highly efficient formula ensures safe and smooth operation of the power steering and eliminates unpleasant "rattling" noises. Also suitable for sports cars.

Application Area Suitable for all power steering systems.

Application

Add to the oil of the power steering system. Before filling up drain the corresponding quantity of oil.

Consumption

300 ml for 2 ltr. oil

Reaction time

while engine is running

Technical data

Physical state: viscous
Colour: brown
Odour: mild
Flashpoint: > 100 °C
Density at 68 °F: 0.90 - 0.95 g/cm³
Water resistant
Viscosity / kinematic (at 104 °F): 17,2 mm²/s

Available size

1L 5L 10L 25L 200L
